

It is with great sadness that we announce the passing of Rachelle Eaket, loving wife and mother. Rachelle died surrounded by her immediate family at the Watrous District Health Complex on August 27, 2016 after a very short but courageous battle with cancer. Rachelle loved spending time with her family, camping, playing cards, singing and sitting by the fire with a glass of wine. She enjoyed the outdoors, her beautiful yard, and could always be found with a large book of crosswords nearby. Rachelle was predeceased by her infant son Keith, sister Diane, mother Marie-Rose, and father Germain. She is survived by her husband Darrell and their children Greg (Bobby-Jo), Heather, and Kristie (Joel) as well as her 3 grandchildren Natalie, Ethan and Emily. Also left to mourn are her siblings Gill, Esther (Dave), Alice (Harold), Bob (Val), Yolande (Louis), Vivianne (Norman), brother-in-law Roger (Ruth), many nieces and nephews, and all other family and friends who loved her. Rachelle's family thank you for attending and invite you for lunch in the Watrous Civic Center immediately following the service.

In loving memory of
RACHELLE ANNE-MARIE EAKET
aged 63
